

Brno, 1. July

Dear Sir/Madam,

BVV Trade Fairs Brno have decided to postpone the WOODTEC trade fair to 2022. Based on the evaluation of the woodworking and furniture technology market situation this decision was made in agreement with the Association of Manufacturers and Importers of Woodworking Machinery and Equipment and the Association of Manufacturers of Woodworking Machinery and Equipment.

Due to the cancellation and rescheduling of the trade fairs of woodworking and furniture technology in 2020/2021, the dates of European exhibitions must be newly coordinated within the European calendar of the association of European manufacturers of woodworking machines EUMABOIS. We will inform you about the new date of the fair as soon as possible.

We believe that from the second half of this year onwards, trade fairs will be held in the standard mode without major restrictions and suitable conditions will be created on the market of woodworking machines for the WOODTEC trade fair next year.

With best regards,

Lucie Vymazalová

Project Director  
Trade Fairs Brno
